- Premium Water Filtration System
- Door Alarm
- LoDecibel™ Quiet Operation

KEY FEATURES

Door-in-Door™

For those fly-by visits to the refrigerator, the Door-in-Door™ feature allows you quickly get in and out for easy access to beverages and snacks. Because food can be accessed without opening the entire refrigerator, it reduces cold air loss by up to 47%* to help keep food fresher longer, while conserving precious energy.

Slim SpacePlus® Ice System

Ice makers are great, but not if it means you can't fit all of your food in the fridge. The Slim SpacePlus® Ice System provides maximum shelf space* and allows even more space for door bins.

Smart Cooling System

Smart Cooling system is designed to maintain superior conditions within the refrigerator. The Linear Compressor reacts quickly to temperature fluctuations and helps keep your food fresher, longer. Meanwhile, strategically-placed vents in every section help to surround your food with cool air no matter where you put it.

*Percent reduction in exchange rate of air between opening the Door-in-Door™ compared to one French Door for 10 seconds.

**Standard width french door refrigerator, excludes other LG manufactured products.
