  Convection: 1500 Watts
• Sensor Cooking

STYLE AND DESIGN
• Premium Stainless Steel Finish
• Stainless Steel Cavity
• Premium Handle Design

CONVENIENCE
• One Touch Settings
• 300 CFM Exhaust Fan

BAKE AND ROAST AT MICROWAVE SPEEDS
Oven performance meets microwave convenience. Preheat, brown, bake, or roast — all in significantly less time. The premium stainless steel cavity looks great, and conducts heat better than traditional painted metal interiors. With Sensor Cook, a humidity-sensing technology that determines when food is cooked to perfection.

Convection Technology
LG’s Convection Technology means your LG microwave really can serve as a second oven. Bake or roast your favorite foods in less time.

Sensor Cooking
Eliminate the guesswork in cooking. Humidity-sensing technology determines when food is cooked and automatically turns off the microwave to prevent the over- or under-cooking of meals.

One Touch Settings
Makes it easy to cook and warm a variety of foods — from a cup of coffee to chicken nuggets.
CAPACITY
Oven Capacity 1.7 cu. ft.

FEATURES
Microwave Watts 950
Convection Watts 1500
Exterior Design WideView™ Traditional
Control Type Digital
Display VFD Scrolling, 2 line
