## REAR & FRONT CAMERAS

- **Self-Timer** – choose to take a picture/video 3,5 or 10 seconds after you press the shutter /record button
- **Camera Modes:** Auto, Food, Panorama, Flash Jump-Cut, YouTube Live
- **Resolution** – up to 4160 x 3120 pixels
- **Digital Zoom** – up to 4x
- **Continuous Shot** – hold down the shutter to take consecutive photos
- **Quick Sharing** – access sharing apps instantly after taking pictures and videos
- **Film Effect** – choose from 17 preset filters
- **HDR** – corrects backlighting with multiple exposure techniques
- **Geotagging** – tag location information in pictures
- **Cheese Shutter** – use your voice to take a picture
- **Image Editor** – adjust the color or contrast, rotate, and crop your images
- **Auto Scene Optimizer (AI Cam)** – suggests the optimal effect and angle by automatically identifying what's in the shot

## FRONT CAMERA

- **Burst Shot** – hold the shutter button to take multiple shots
- **Full HD Front Video Recording**
- **Portrait** – bokeh effect blurs the background while keeping the subject in focus
- **Auto Shot** – take a selfie with automatic face detection
- **Gesture Shot** – take a selfie with a simple hand gesture
- **Gesture Interval Shot** – take four selfies in sequence by making a fist twice
- **Selfie Light** – screen illuminates for well-lit selfies
- **Beauty Shot** – adjustable setting softens facial features

## VIDEO RECORDING

- **2 MP, 30 FPS with Flash**
- **Resolution** – up to 1920 x 1080 pixels
- **Digital Zoom** – up to 4x
- **Pause & Resume Recording** – pause and start in record mode for one continuous video file

## Experience

### CREATIVITY

- **Scratch Art** – draw on the black screen and convert it to colorful letters and pictures
- **Coloring Book** – select from pre-loaded templates or create original designs
- **Personal Emoji** – select favorite emoticons and add to text messages
- **Draw Chat** – draw on a black notepad with different colors and treatments to share instantly

### PRODUCTIVITY

- **Swift Text** – Write texts, emails or notes with the built-in stylus and Swift Text will convert every word into legible text without ever typing a letter.
- **Screen Memo** – Use the built-in stylus to write notes on screen and save them as memos for later, all while talking on the phone, sending emails & more.
- **Google® Assistant** – intelligent personal assistant also performs LG-exclusive device-specific tasks
- **Pen Pop 2.1** – choose which app shortcuts you want available when you remove the stylus
- **Pen Keeper** – prevents the stylus from being misplaced by displaying a popup message when the phone is detected as being in motion when the stylus bay is empty
- **Pop Lens** – zoom in on any image
- **Pop Memo** – quick note-taking app you can set to activate immediately when you remove the stylus

- **Screen-off Memo** – write memos while the screen is off
- **Capture+** – write or draw on nearly any screen and schedule memos to appear at certain times or locations
- **QuickMemo®+** – choose paper style, pen size and color, text and more
- **Battery Saver** – restricts apps from running in the background
- **Do Not Disturb** – choose which, if any, notifications to receive
- **Multilanguage Support** – for Phone and Keyboard Input
- **Easy Home** – show the dialer and other frequently used features right on the home screen for quick and easy access
- **Mini View** – shrink the screen for easy one-handed use
- **Comfort View, Google Docs™ Document Viewing**
- **GIF Capture & Editing** – create and share your own files by writing with a pen over a captured image
- **Smart Capture + (Zoom In/Out)**

## SECURITY

- **Fingerprint ID** – access phone, make mobile payments, secure content\*
- **Knock On®** – double tap the screen to put your phone to sleep/wake it
- **Screen Lock** – Swipe, Pattern, PIN, Password

## Entertainment
