

# Fire up your LG 360 CAM

It's one touch to 360-degree photos or videos... and just a few simple steps to learn the ins and outs of setup and usage.

## SETUP ON YOUR LG G5® (Friends Manager App pre-installed)

- 1 Locate and open the Friends Manager App.
- 2 Press and hold the **Power Button** to turn on the LG 360 CAM.
- 3 Once detected, the 360 CAM will display under **My devices** tab on the LG Friends Manager.
- 4 Tap the **download icon** next to the 360 CAM. Accept all prompts to continue.
- 5 Once downloaded, your 360 CAM is paired and ready to use.

## SETUP ON YOUR G5 OR COMPATIBLE SMARTPHONE\* (LG 360 CAM Manager App installation required)

- 1 Open Google Play™ Store or the App Store®, search and download **LG 360 CAM**.
  - 2 Once installed, open the app on your device and press and hold the **Power Button** to turn on the LG 360 CAM.
  - 3 On the phone, press **Start** on the 360 CAM Manager app, and agree to all terms and prompts.
  - 4 Tap the **360 CAM**. Once connected, you will see the battery level in the upper left corner of the app.
- 5 A Wi-Fi® password can be created for your 360 CAM in the settings menu to allow pairing with only approved devices; default is 00 + the last 6 digits of your product's serial number or for products with a 5 digit serial number, use 000 + the 5 digit serial number.

\* Supported on Android™ 5.0 or later and iOS™ 8 or later.

**Notes:** 1. A Wi-Fi connection is required during setup. 2. When a connection is lost, reconnection takes approximately 15 seconds.

## OPERATION GUIDE

Power On	Press & hold the Power Button (1 second)	Stop a recording	Press the Shutter Button
Power Off	Press & hold the Power Button (4 seconds or longer)	Enter Sleep mode	Press & hold the Power Button (1 second)*
Take a photo	Press the Shutter Button	Exit Sleep mode	Press the Power Button or Shutter Button

\* Enters sleep mode automatically after period of inactivity.

## CAPTURE 360 PHOTOS & VIDEOS

1. Install a microSD™ card (sold separately) by opening the bottom cover of the LG 360 CAM and inserting the card (gold pins face away from the USB port).
2. **Shooting with a Connected Device**
  1. Open the 360 CAM Manager app and press and hold the **Power Button** to turn on the LG 360 CAM.
  2. The device should automatically connect to the LG 360 CAM.
  3. Tap the **Camera icon** on the 360 CAM Manager. Live image will appear on the connected device.
  4. Use the **LG 360 CAM Manager App** to adjust camera settings.
  5. Press the **Capture icon** to take a photo OR the **Record icon** to record a video.
  6. Tap the Gallery icon to view the photo or video that was captured.

**Note:** Records 5.1-channel surround sound using three microphones.

### Shooting without a Connected Device

1. Press the **Power Button** to turn on the LG 360 CAM.
2. To capture an image, press the LG 360 CAM **Shutter Button** once or long press to begin recording a video.\*

\* Supports video recordings up to 4 GB or 20 minutes.

Take full advantage of your 360 CAM by using the **LG 360 CAM Manager** on your smartphone to easily control and capture content.

1. Select the image quality
2. Select the shooting environment
3. Select the camera direction
4. Select a shooting mode (360°/180°)
5. Set Normal or Manual mode
6. Go to previous menu
7. Take a photo
8. Record a video
9. View a preview

## TRANSFER IMAGE OR VIDEO FILES

1. Open the 360 CAM Manager app.
2. Tap the **Gallery icon** on the 360 CAM Manager app home screen.
3. Tap the **download icon**.
4. Place a checkmark next to the files you want to download to your device OR tap Select All.
5. Tap **DOWNLOAD** and the files will download to your device.

**Note:** Files must be transferred to your compatible device through the **360 CAM Manager App** in order to be rendered and viewed. Files are saved in internal storage under DCIM/Accessory Camera folder.

## TIME TO SHARE

1. Open the 360 CAM Manager app.
2. Tap the **Gallery icon** on the 360 CAM Manager app home screen.
3. Select from your existing Gallery files or download a new one.
4. Hit the **Share icon** and send to recent contacts or post to Google Street View™ or YouTube™ 360° services.\*

**Note:** File restrictions may apply depending on sharing method and/or application.

\* Must download Google Street View or YouTube 360° apps from Google Play™ Store or App Store® prior to sharing.

## BATTERY CHARGING & ALERTS

The Power LED indicates the battery level.

Power LED (with the cable disconnected)	Green	Red	Red Blinking
Battery Status	More than 15%	5% - 15%	Less than 5%

The LG 360 CAM protective cap provides for a comfortable hand grip or can be used as a mini stand.

To charge the LG 360 CAM, open the bottom cover and connect the charger to the USB-C port.
