

MONITOR  
27" Class Slim LED Monitor  
**27EN43V-B**

**KEY FEATURES**

- LED Backlighting
- Full HD 1080 Resolution
- Super Energy Saving
- Dual Web

**AMAZING PICTURE QUALITY AND ENERGY SAVINGS**

The LG EN43 monitor features LED lighting and Full HD 1080p resolution for detailed colors and clear picture quality. And, with Dual Web, you can easily multitask by viewing multiple web pages on the same screen.

**LED BACKLIGHTING**

Want deeper blacks and richer colors? LG's LED technology provides even greater control of brightness and delivers better contrast, amazing clarity and color detail, as well as greater energy efficiency compared to conventional LCD Monitors.

**FULL HD 1080P RESOLUTION**

This stunning picture is the reason you wanted HD in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard resolution. You'll see details and colors like never before.

**SUPER ENERGY SAVING**

For conventional LED monitors, power consumption may be reduced if luminance is reduced, but the display image turns dark. LG's SUPER Energy Saving technology helps to reproduce images without losing brightness while saving on overall power consumption.
