NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.

Phone Features

Tip. From the Home screen, tap **Apps** then tap **Help** to access the quick & full device guides, video tutorials, and icon glossary. You can get information in detail right from your phone.

Setting Up Your Phone

Step 1. Remove the Back Cover

Place your fingernail in the cutout at the bottom of the phone and pop the cover off the phone.

Step 2. Insert the SIM Card

Slide the SIM Card into the SIM Card slot, located under the back cover.

Step 3. Insert the Battery

Insert the battery, making sure to align the gold contacts. Press down gently to secure the battery.

Step 4. Replace the Back Cover

Place the cover over the back of the phone, then press down along the edges to secure the cover.

Step 5. Charge the Phone

Before turning on your phone, charge it fully. Be sure to use the charger that came with your phone.

Optional: Insert the microSD Card

If you have a microSD Card, slide the microSD card into the microSD card slot, located under the back cover.

For more information visit verizonwireless.com/smartphones. Click **Support** tab, click **Device**, then **Select Another Device** for your device support.

Powering your phone on/off

- To turn your phone on, press and hold the **Power/Lock Key** for a couple of seconds until the screen lights up.
- To turn off your phone, press and hold the **Power/Lock Key** until the Phone options are displayed. Tap **Power off** > **OK**.

Lock Screen

- Press the **Power/Lock Key** to turn on your screen. Your Lock Screen will appear.
 - Drag the lock icon in any direction to unlock it.
- To use a shortcut, drag the shortcut icon at the bottom of the Lock Screen in any direction. The screen will unlock and launch the application.

Follow the onscreen instructions to quickly set up your phone and email accounts. Instructions in this guide are written to Standard mode.

During the onscreen instructions for setup, you have the option to select from two different modes. If you did not make a selection, the default mode is Standard.

Starter mode

Simplified experience for the first time smartphone user. If selected, your Home Screen will be displayed as follows.

Standard mode

Standard experience for users who are familiar with Android. If selected, your Home Screen will be displayed as follows.

Receiving a Call

 **Answer** - Swipe the **Answer** icon in any direction to answer the call.

 **Ignore with message** - Swipe the **Quick msg** icon in any direction to send a text message instead of answering.

 **Ignore** - Swipe the **Ignore** icon in any direction to ignore the call.

Making a Call

1. From the Home screen, tap **Phone** .
2. Dial the phone number.
3. Tap **Call**  to place your call.

Verizon SafeGuards

Family and Safety Apps & Services. Get the most robust parental controls. Go to verizonwireless.com/safeguards.

Location Based Services

This phone can determine its location, which is useful for services such as navigation, shopping and weather. For your safety, it's defaulted to only acquire your location when you dial 911. To use Location Based Services, from the Home screen, tap **Apps**  > **Settings**  > **Location access** .

Your wireless device can determine its (and your) physical, geographical location ("Location Information") and can associate Location Information with other data. Additionally, certain applications, services and programs are capable of accessing, collecting, storing and using Location Information and disclosing Location Information to others. You should use caution when determining whether or not Location Information should be made available to others and you should review any applicable third party policies before providing access. To limit potential unauthorized access to your Location Information, Verizon Wireless offers various mechanisms and settings to manage access to location data. By enabling location settings you are permitting third party access to Location Information through software, widgets or peripheral components you choose to download, add or attach to your wireless device or through web access, messaging capabilities or other means and you are authorizing Verizon Wireless to collect, use and disclose your Location Information as appropriate to provide you with any location services that you enabled.

VZ Navigator®

Get premium GPS voice navigations and 3D maps with spoken real-time traffic alerts. Find movie times, event info and gas stations. Go to verizonwireless.com/navigator.

Customer Information

Your Wireless Device and Third Party Services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this wireless device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this wireless device or any non-Verizon Wireless applications, services and products including any personal information you choose to use, submit or share with others. Specific third party terms and conditions, terms of use, and privacy policies shall apply. Please review carefully all applicable terms and conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing Aid Compatibility Information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer wireless technologies used in this phone that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Consult your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, consult your service provider or phone retailer.
