

WT901C_

25" Width Extra Large Capacity Front Control

THE TOP LOAD FOR TODAY'S FAMILY.

Top load design meets modern innovation in LG's revolutionary front control top load washer. Moving the control panel front and center means the intuitive Dual LED display is always at your fingertips—even when the lid is open. The clear glass design lets you check on laundry with just a glance, while the water-resistant coating of LG HydroShield™ helps protect the controls. It's how LG does top load for today's family.

SPECIFICATIONS

- 3.3 cu. ft. Extra Large Capacity with NeveRust™ Stainless Steel Drum
- 25" Width
- 700 RPM
- 8 Washing Programs
- 3 Temperature Settings (All Cold Rinses)

- SenseClean™
- Delay Wash (Up to 19 Hours)
- Lint Filtration

STYLISH DESIGN

- HydroShield™ Front Electronic Control Panel with LED Display
- White-Transparent Glass Lid
- Touch Buttons
- Available in Smooth White or Silver Gray

KEY FEATURES

Extra Large 3.3 cu.ft. Capacity

Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The extra large capacity (3.3 cu.ft.) tub lets you do more laundry in fewer loads. That's time saved and sore backs avoided.

Front Control Design

LG puts a modern spin on the traditional top load design. By moving the control panel from the back to the front, the buttons and LED display are easier to read and use. This simple change makes for a more intuitive and functional design and a look that is unlike anything you've ever seen.

SmartDiagnosis™

If you ever experience an issue with your LG washer, you don't have to worry. The SmartDiagnosis™ feature helps the service center diagnose problems over the phone, or with a simple app on your smart phone, helping you minimize costly, inconvenient service calls.
