LG optimus F3™

LG Optimus F3™

Key Features

- 4G LTE Network Speed
- 1.2 GHz Dual-Core Processor
- Long-Lasting 2,460 mAh Battery with up to 16 Hours Talk Time
- Vivid 4.0" IPS Display with Gorilla® Glass 2

Share-Worthy Shots

The perfect meal. Your killer new look. The surf video of the year. Capture and share those moments you wish would last forever. With Optimus F3's 5 MP camera, you can. Enhanced by features like Beauty Shot, Cheese Shutter, and Panorama Mode, take pics that are as memorable as the real thing.

Entertainment, to Go

Optimus F3's 4.0" IPS Display brings your screen to life—no matter what you're looking at. So you can relive last weekend's outdoor excursion or stream your favorite shows in clear, accurate, true-to-life color. And with its super-strong Corning® Gorilla® Glass 2, it's tough enough to take anywhere.

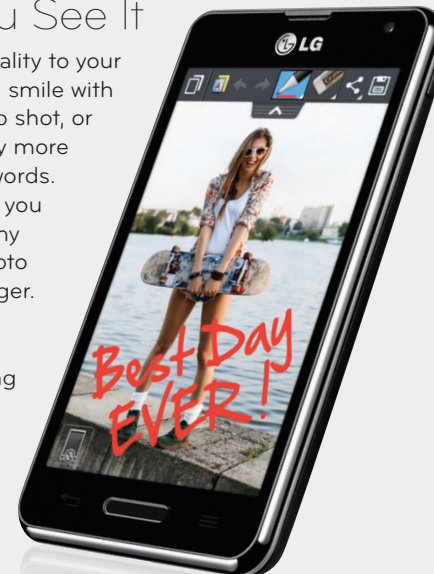

Add Creativity to Your Communication

Two minds are often better than one. VuTalk lets you send handwritten messages, photos, and drawings back and forth in real time. It's the perfect way to share ideas, collaborate, and creatively communicate like never before.*

* Must initially be established with a contact from the Contacts menu who has a VuTalk enabled device.

Life as You See It

Add some personality to your profile pic, share a smile with your favorite group shot, or make a picture say more than a thousand words. QuickMemo™ lets you write or draw on any screen shot or photo using just your finger. Or, if the image is captured from a website, send along the URL with it. Share your life with personality—in your own unique way.

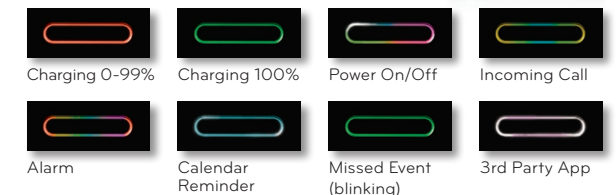

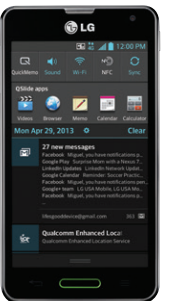

Declare Yourself App-Master

Multitasking comes naturally to you—and with Optimus F3, it's easier than ever. Listen to music while you're surfing the web, or check in with friends while updating your calendar. With QSlide 2.0™ you can view multiple screens simultaneously, adjusting window size and transparency, so you can switch between apps in a snap.

Social Traffic Signals

When you're living in the fast lane, anything that saves time is worth it. Optimus F3's LED Home Button displays flashing lights in color-specific patterns, quickly alerting you of missed events, incoming calls, alarms, or texts from your friends. It's a super-quick way to read between the lines, before you even see what's on your phone's display.

Life in the Fast Lane

It's all the little details that matter, and with Optimus F3's 4G LTE speed and dual-core processor, you have the power to sync them all up at the same time. And now, the lightening-fast network lets you do it all quicker than ever. The freedom to talk, text, share photos and video, and surf the web throughout the day is in your hands.

Ready for Anything

Optimus F3's long-lasting battery—with up to 16 hours of talk time—gives you the ability to stay in the loop all day long. So, you can enjoy those can't-miss YouTube™ videos, gotta-share photos, and up-to-the-minute status updates wherever and whenever. Keep moving with a smartphone that can keep up with you.
