## LG optimus F7™

Optimus F7 is perfect for every occasion, putting power-driven capabilities, intuitive features, and immersive entertainment beneath their fingertips. Supported by a long-lasting battery with up to 17 hours of talk time, blazing-fast 4G LTE connectivity, a large display, and advanced camera features—it's the perfect slim and stylish device that lets them do it all wherever, whenever.

So help them learn about the powerful, spec rich  
**Optimus F7.**

# LG Optimus F7™

## Key Features

- 4G LTE Network Speed
- 1.5 GHz Dual-Core Processor
- 4.7" True HD IPS Display
- Long-Lasting 2,540 mAh Battery with up to 17 Hours Talk Time
- Share Fun Notes in Real Time with VuTalk

## Battery

Optimus F7's long-lasting, powerful 2,540 mAh Battery provides up to **17 hours of talk time**—meaning it has the endurance and dependability they need while on-the-go.

## Network & Processor

Search the web without waiting for sites to load, or share photos, video, and texts in seconds. Sprint's accelerated **4G LTE** connectivity combined with its **1.5 GHz Dual-Core Processor**, delivers a true multitasking performance, giving you the speed you need to do the things you love, faster.

True HD **IPS**

## Display

With its expansive and stunning **4.7" True HD IPS Display**, Optimus F7 reveals precise true-to-life colors and remarkably crisp HD detail for an overall flawless and engaging visual performance that is protected by Gorilla® Glass 2.

## VuTalk

Communicate and have conversations in real time! VuTalk is the ultimate feature that lets you share ideas, handwritten notes, maps, pictures, and more back and forth with a friend. Choose pen size, color, and opacity level, add stickers or take photos. Your sketches and collaborative creations are saved automatically in the Notebook app.

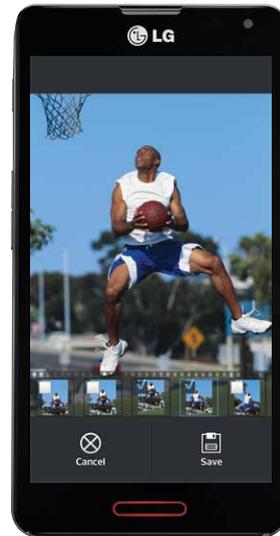

\*Must initially be established with a contact from the Contacts menu who has a VuTalk enabled device.

## Camera & Video Recording

Optimus F7's **8 MP BSI Camera** is jam packed with intuitive features to help you save each moment in vibrant color and crystal clarity. Its **Full HD 1080p Video Recording** allows you to capture and share a high-resolution video experience.\* Plus, with **Live Zooming**, you can zero in on all the good details of moving imagery during video playback.

\*Content must be shared on larger HD display for 1080p playback.

Time Catch Shot™ allows you to take multiple pictures at once and save your favorite(s).

## SmartShare & NFC

Share the latest movie with your big screen, sync your phone with your other devices, and convert your phone into the central vehicle to your entertainment universe. Optimus F7 offers a number of ways to connect.

**SmartShare** - beam content to other devices via Wi-Fi® Direct, DLNA, or *Bluetooth*® Object Push Profile (OPP); play media on a larger display with DLNA, *Bluetooth* A2DP, or Miracast™ via one convenient, integrated app

**Direct/Android Beam** - transfer data by NFC or an NFC initiated Wi-Fi Direct session where devices can be separated during the transfer

## QSlide 2.0™

**QSlide 2.0** is the ultimate multitasker, giving you the stress-free ability to perform several tasks at once—quickly access your most-used apps and view multiple windows at the same time while adjusting window size and transparency.

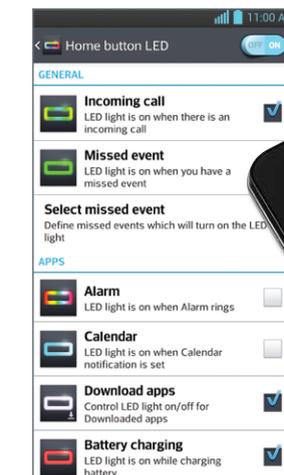

## QuickMemo™

**QuickMemo** lets you add your personal touch to any photo, map, or website, and share it in an instant. Just press the dedicated **QuickMemo Hot Key**, and use your finger to jot down notes during a call, doodle a design over a photo, or circle your destination on a map. Expressing yourself has never been so easy—or fun.

## LED Home Button

Be alerted of incoming notifications without turning on your display. Whether it's a missed event, incoming call, or scheduled alarm, the LED Home Button will flash with specific colors and patterns. Optimus F7 will keep you well informed.

4.7 oz.
